

Directions to Orchard and Gorge Tents at South Hill Cider

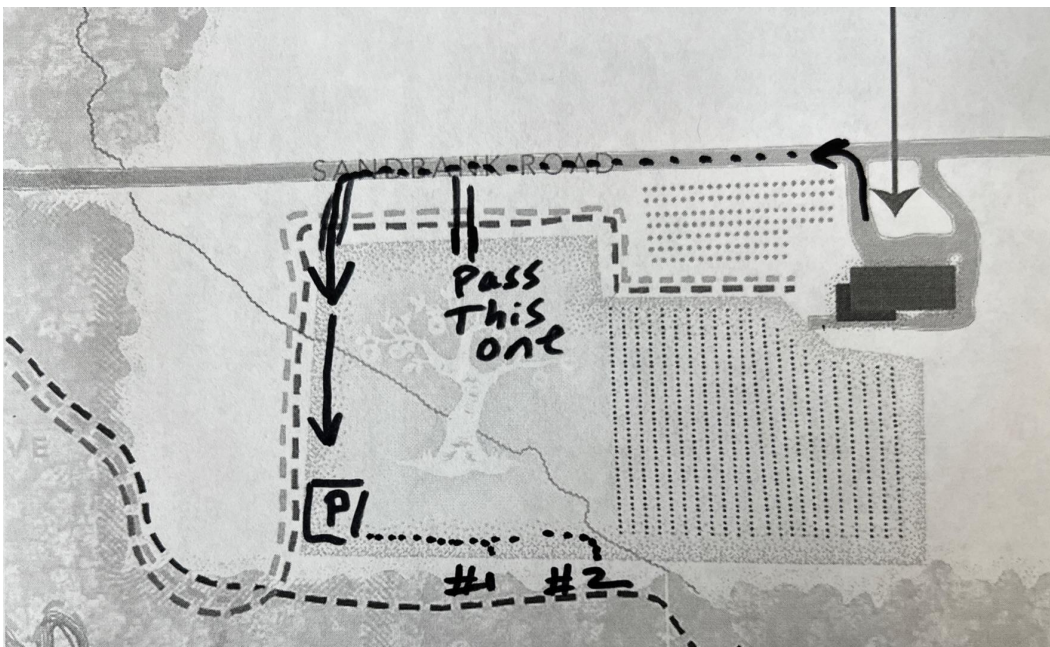

Welcome! Thank you for coming to stay here. Enjoy the campsite, the cidery and the trail that you are located on. Follow the trail downhill to a beautiful loop hike around the gorge. Have a great visit and feel free to text me (Steve) 607.279.7563 with any questions.

The entrance to the tent site is unmarked at the road. It is a gravel driveway that turns into grass. Google Maps will put you there using 476 Sandbank Road, Ithaca, NY 14850 or use this QR code:

Directions to the Tents from the South Hill Cider parking lot:

- Exit driveway and turn left
- Pass the 1st driveway on the left (that goes into the field)
- Enter the 2nd driveway just before the road enters the woods:
 - ***This gravel to grass driveway goes to the back corner of the field. You will see a small sign that says 'Tent Parking'. Please leave your car there, then follow the path and walk up the hill and look for the tent # that you reserved.***
